Why choose Edsembli

Employee and manager self-service portal

Payroll administration

Employee record management

Digital document upload

Edsembli | HRP uses automated workflows and employee self-service to remove the hassle from your human resources processes.

Edsembli is trusted by over 100,000 school staff to streamline complex HR and payroll processes in education while integrating with finance and student systems.

Edsembli supports school districts in onboarding, retention, and compliance with tools for credential verification, new hire orientation, and certification management. The platform ensures operational safety and transparency using robust security and automated workflows with Azure AD and Google integration.
